Helpful Tips

- Do not hide a key under a mat, over the doorsill, in the mailbox, or anywhere outside.
- Do not leave notes that inform a burglar that your house is unoccupied.
- Install timer switches to control indoor and outdoor lighting.
- Place your street number at the back of the house. This can help the police and possible witnesses of a crime in identifying your property more easily, even from the back.
- If you leave for more than a day, ask a neighbour to pick up your newspaper and mail.
- Leave a radio on while you are out. It gives the impression that someone is around to hear it.
- If you leave for an extended period of time, have a neighbour cut your lawn, perhaps park a car in your driveway, and put some garbage out (on garbage night) in front of your house.
- Avoid placing your recycle box by the roadside if you will not be able to remove it before going out of town.
- When you leave on vacation or for an extended period, do so as discreetly as possible so as not to alert potential burglars.
- Do not forget to activate your burglar alarm.
- Lock the front door when working in the back yard and vice versa!
- Keep your garage door and doors leading from the garage to the house closed and locked – whether you are home or not.
- Lock your garden shed.
- Last, but not least, double check to see that you have not created an opportunity for an individual to burglarize your home, such as leaving a window unlocked, a ladder left lying in the backyard, and unlocked bicycle, etc.

Mission

Amener un engagement des citoyens et citoyennes de la communauté à vouloir faire partie de la solution en matière de prévention de la sécurité publique en partenariat avec leur service de police.
